Apples: special list

There Is Big Money In These Apples

Stayman

A Pair of Winners

DUCHESS

This roundish apple, with its flattened ends and sides striped with red and yellow, presents an attractive appearance.

It is tender, juicy and good to eat. It is the "Apple Sauce" apple.

The tree is a vigorous grower, hardy, and an early and heavy bearer.

The Duchess is one of the best, if not the best, Summer apple

WEALTHY

This brilliant red apple, with its smooth oily skin, is a favorite with the public as well as with the grower. The flesh is white, fine and juicy, and is pleasant to eat.

This is a favorite apple for cooking, for no other early apple makes such good pies, no matter whether they be "closed, open faced, or cross bar."

The tree is extremely hardy, and also a heavy and young bearer.

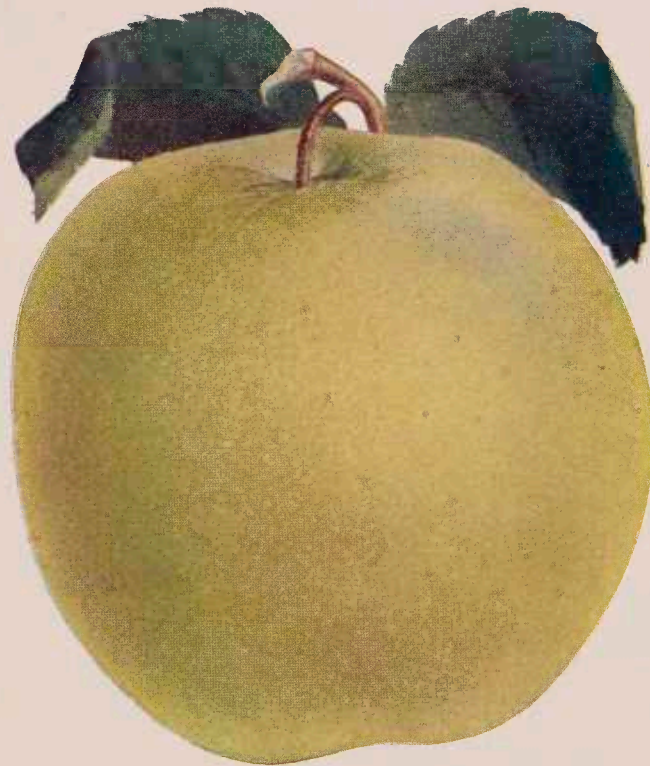

The Wealthy is the best of the Fall apples

Northwestern Greening

The *Northwestern Greening* is one of the very best winter apples. It is a late keeper and supplies our markets until early summer.

Fruit is large, smooth and uniform in size; flesh fine grained, juicy, firm, and of good quality and flavor.

The tree is hardy, thrifty, and an early and continuous bearer.

Northwestern Greening

Proper Methods Bring Results

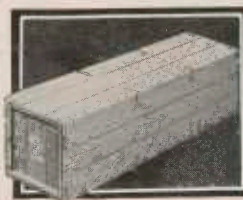

*No Spade Dug Trees
No Hand Pulled Trees
No Short Mangled Roots*

A big "U" shaped tree plow, pulled by four teams, cuts deep and wide, lifting the tree from the nursery row with all the necessary roots, lateral, top and fiber.

From the Nursery to the Orchard

*Large paper-lined boxes,
plenty of packing material
and a half century's ex-
perience insure proper
condition of stock on
arrival.*

The King of Fruits

Apples "stand at the top" for pleasure and profit.

They are available every day in the year. The handsome Northwestern Greening of the previous season will meet the early Duchess the following summer.

The boys eat the green apples, mother makes the pies and dumplings, grandmother the apple butter and jelly, father hides the cider, the whole family daily enjoys the produce of

Well Grown Apples

Our Service Department will help you grow apples that will bring you smiles, good cheer, health, happiness and prosperity.

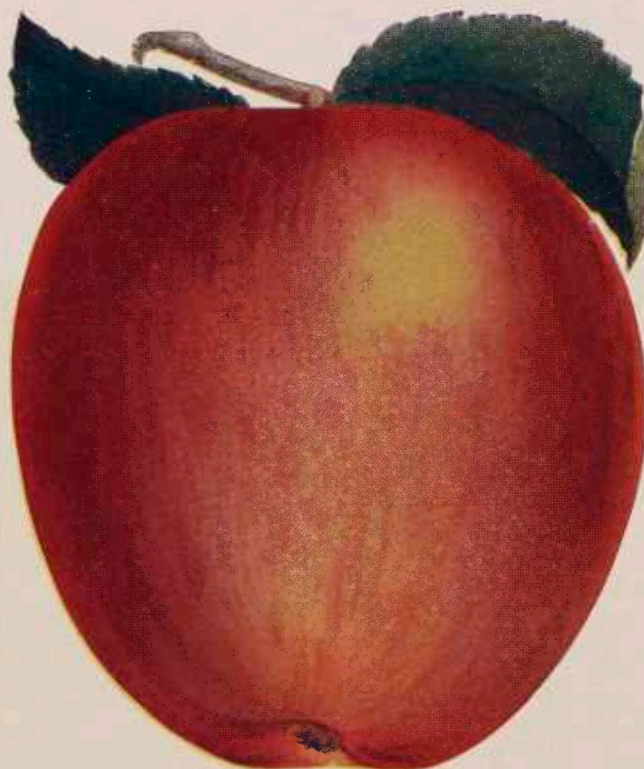

Think of the kids; they will soon be running the old farm, and will then need a new orchard. Plant it now.

Stayman

Its tender, crisp and juicy flesh, its exquisite flavor and beautiful colorings, its regular and large size, make this a desirable home apple; while its tough, thick skin permits safe handling and places the *Stayman* at the top of the money makers for the commercial grower.
